Organised by IMAC members to promote the Cayman captive industry

Attend 30+ sessions

Use the exclusive CCF Mobile App

ABOUT IMAC

Since 1994, IMAC has represented insurance managers, captive insurance companies and service providers, acting as a vital link between the industry, government and regulator in the Cayman Islands. As the international insurance business has evolved over the years, the Cayman Islands has demonstrated leadership in the captive market, becoming the number one domicile worldwide for healthcare captives, it has also developed into a centre of excellence for reinsurance and ILS operations. Today, IMAC brings the insurance sector together in the Cayman Islands, supporting the interests of all market participants and working to maintain Cayman's pre-eminence in the insurance industry.
